AWS Educate

Build your cloud skills at your own pace, on your own time, and completely for free

[Register now](#)[Sign in to AWS Educate](#)

Overwhelmed by too many choices when it comes to learning cloud?

AWS Educate is open to any individual, regardless of where they are in their education, technical experience, or career journey. Simplify your journey into cloud computing and AI with AWS Educate - your free, curated learning path to in-demand tech skills.

Learn and practice cloud skills in real time

Storage

Getting Started with Storage

Practice building your own cloud storage solution and hosting a static website in the AWS Cloud. Gain hands-on experience with Amazon Simple Storage Service (Amazon S3).

→

Compute

Getting Started with Compute

Practice building and managing your own cloud computing instance in the AWS Cloud. Gain hands-on experience with Amazon Elastic Cloud Compute (Amazon EC2).

→

Networking

Getting Started with Networking

Gain hands-on experience with Amazon Virtual Private Cloud (Amazon VPC) and learn how to set up secure networks.

→

Databases

Getting Started with Databases

Practice launching your own database instance and configuring a web application to connect to it in the AWS Cloud. Gain hands-on experience with Amazon Relational Database Service (Amazon RDS).

→

Cloud Operations

Getting Started with Cloud Operations

Get hands-on experience with Amazon Cloud operations services in this course and the accompanying Getting
